## CALL FOR POSTERS

The California Chapter of the American Society of Agronomy is seeking poster submissions for its 2010 meeting in Tulare. The society seeks science-based posters in fields related to agricultural and environmental stewardship. The theme of the General Session for the 2010 conference is: "**Optimizing Agriculture With Diminishing Resources**". Conference sessions this year emphasize maintenance of soil resources, pest management, nutrient management, particularly related to foliar nutrient applications, water supply and water quality, and food safety issues and initiatives.

If you would like to present a poster at the conference, abstracts must be received by Friday, December 11, 2009. Poster **abstracts** will be published in the conference proceedings. The title of the poster and all author names and affiliations must also be included. The length of the abstract shall be no more than 275 words, single-spaced, using 12-point font and submitted using the attached POSTER SUBMISSION FORM in Microsoft Word. Electronic submissions are welcomed.

Posters will be displayed at the beginning of the conference on the morning of February 2 through the afternoon of February 3, 2010. A wine and cheese reception will be held on February 2. Presenters are asked to be present by their posters.

**STUDENT POSTERS:** Those students currently enrolled or within 1 year after graduation qualify for this category. Students presenting posters will receive a complimentary lunch and registration on Tuesday February 2nd. A fund of up to \$900 will be available for the top poster entries. Both graduate and undergraduate students are encouraged to apply. Please have your major professor sign the Poster Submission Form and submit a hardcopy.

Please submit your poster form/abstract to the attention of Ben Faber. If you have any questions, please contact him at (805) 645-1462.
